The Coaching Philosophy for this team focuses on **Player Development** with a strong emphasis on learning the **fundamentals**: foot skills, dribbling, passing, receiving, shooting, heading and tackling. Teaching these skills requires **superior coaching** (and patience) as players begin to develop a "**soccer awareness**." This **long-term approach** to player development approach runs counter to the "**coach to win**" philosophy that is seen far too often with very young athletes.

To **reserve a spot** (*there are **NO tryouts** at this age!*) on this team, please complete a **MAYSA Player Registration Form** (download form at www.madisonfc.com) and mail it along with a **\$125 deposit** (payable to Madison FC) to:
Madison FC, 314 Marston Avenue, Madison, WI 53703
